## Author Index

Andersen, C.P., Bussler, B.H., Chaney, W.R., Pope, P.E. and Byrnes, W.R.
Concurrent establishment of ground cover and hardwood trees on reclaimed mined land and unmined reference sites ..... 81
Annels, A., *see* Wardell-Johnson, G. et al.
Beltrano, J., *see* Caldiz, D.O. and Beltrano, J.
Booth, T.H., Stein, J.A., Nix, H.A. and Hutchinson, M.F.
Mapping regions climatically suitable for particular species: an example using Africa ..... 19
Bussler, B.H., *see* Andersen, C.P. et al.
Byrnes, W.R., *see* Andersen, C.P. et al.
Caldiz, D.O. and Beltrano, J.
Control of the epiphytic weeds *Tillandsia recurvata* and *T. aëranthos* with simazine ..... 153
Chaney, W.R., *see* Andersen, C.P. et al.
Da Silva, J., *see* Wein, R.W. et al.
El-Bayoumi, M.A., *see* Wein, R.W. et al.
Fairweather, S.E., *see* Gove, J.H. and Fairweather, S.E.
Gove, J.H. and Fairweather, S.E.
Maximum-likelihood estimation of Weibull function parameters using a general interactive optimizer and grouped data ..... 61
Granhall, U., *see* Rytter, L. et al.
Hayashida, M.
Seed dispersal by red squirrels and subsequent establishment of Korean pine ..... 115
Hazlett, D.L.
Performance, age, and defoliation effects on the growth of *Cordia alliodora* in Central America ..... 191
Högberg, P.
Growth and nitrogen inflow rates in mycorrhizal and non-mycorrhizal seedlings of *Pinus sylvestris* ..... 7
Holmes, P.M.
Effects of different clearing treatments on the seed-bank dynamics of an invasive Australian shrub, *Acacia cyclops*, in the southwestern cape, South Africa ..... 33
Hutchinson, M.F., *see* Booth, T.H. et al.
Inions, G., *see* Wardell-Johnson, G. et al.
Johansson, T.
Irradiance within canopies of young trees of European aspen (*Populus tremula*) and European birch (*Betula pubescens*) in stands of different spacings ..... 217
Kelty, M.J.
Productivity of New England hemlock/hardwood stands as affected by species composition and canopy structures ..... 237
Long, J.N., *see* Parker, J.N. and Long, J.N.
Maghembe, J.A., *see* Msanga, H.P. and Maghembe, J.A.
Mireku, E. and Wilkes, J.
Seasonal variation in the ability of the sapwood of *Eucalyptus maculata* to compartmentalize discolouration and decay ..... 131
Msanga, H.P. and Maghembe, J.A.
Physical scarification and hydrogen peroxide treatment improves germination of *Vangueria infausta* seed ..... 301
Myers, N.
Book review of *The Tropical Rain Forest: A First Encounter*, by M.M. Jacobs ..... 71

Ngulube, M.R.
Genetic variation in seed germination and seedling growth of 24 *Gliricidia sepium* provenances ..... 1
Nix, H.A., *see* Booth, T.H. et al.
Parker, J.N. and Long, J.N.
Intra- and interspecific tests of some traditional indicators of relative tolerance ..... 177
Perera, A.H.
Post-fire recovery of 10-year-old *Pinus caribaea* var. *hondurensis* in a hilly watershed in Sri Lanka ..... 309
Pope, P.E.,*see* Andersen, C.P. et al.
Rehfeldt, G.E.
Ecological adaptations in Douglas-fir (*Pseudotsuga menziesii*) var. *glauca*): a synthesis . 203
Rytter, L., Šlapokas, T. and Granhall, U.
Woody biomass and litter production of fertilized grey alder plantations on a low-humified peat bog ..... 161
Schiller, G. and Waisel, Y.
Among-provenance variation in *Pinus halepensis* in Israel ..... 141
Šlapokas, T., *see* Rytter, L. et al.
Stein, J.A., *see* Booth, T.H. et al.
Tyler, G.
Interacting effects of soil acidity and canopy cover on the species composition of field-layer vegetation in oak/hornbeam forests ..... 101
Waisel, Y., *see* Schiller, G. and Waisel, Y.
Wang, Z.-J., *see* Young, S.S. and Wang, Z.-J.
Wardell-Johnson, G., Inions, G. and Annels, A.
A floristic classification of the Walpole-Nornalup National Park, Western Australia ..... 259
Wein, R.W., El-Bayoumi, M.A. and da Silva, J.
Simulated predictions of forest dynamics in Fundy National Park, Canada ..... 47
Wilkes, J., *see* Mireku, E. and Wilkes, J.
Young, S.S. and Wang, Z.-J.
Comparison of secondary and primary forests in the Ailao Shan region of Yunnan, China ..... 281

## Subject Index

*Acacia* spp.
Mapping regions climatically suitable for particular species ..... 19
Effects of clearing treatments on seed-bank dynamics of Acacia ..... 33
*Acer* spp.
Productivity of hemlock/hardwood as affected by species composition and canopy ..... 237
Acidity, *see* Soil condition, influence of
Adaptation to environment, *see* Environment, influence of
Age, influence of
Provenance, age, and defoliation effects on *Cordia* ..... 191
Agroforestry
Genetic variation in germination and growth of *Gliricidia* ..... 1
Alder, *see Alnus* spp.
*Alnus* spp.
Biomass and litter production of alder on peat ..... 161
Aspen, *see Populus* spp.
*Betula* spp.
Irradiance within canopies of young *Populus* and *Betula* in different spacings ..... 217
Biogeography
Comparison of secondary and primary forests in Yunnan, China ..... 281
Birch, *see Betula* spp.
Burning, *see* Fire, influence of
Canopy dynamics
Effects of soil acidity and canopy cover on composition of vegetation in oak/hornbeam forests ..... 101
Provenance, age, and defoliation effects on *Cordia* ..... 191
Productivity of hemlock/hardwood as affected by species composition and canopy ..... 237
*Carpinus* spp.
Effects of soil acidity and canopy cover on composition of vegetation in oak/hornbeam forests ..... 101
Climate, *see* Environment, influence of
*Cordia* spp.
Provenance, age, and defoliation effects ..... 191
Defoliation, *see* Canopy dynamics
Douglas-fir, *see Pseudotsuga* spp.
Ecosystem dynamics
Seed dispersal by squirrels and establishment of Korean pine ..... 115
Intra- and interspecific tests of indicators of tolerance ..... 177
Post-fire recovery of *Pinus* ..... 309
Environment, influence of
Mapping regions climatically suitable for particular species ..... 19
Seasonal variation in *Eucalyptus* to compartmentalize decay ..... 131
Intra- and interspecific test of indicators of tolerance ..... 177
Provenance, age, and defoliation effects on *Cordia* ..... 191
Ecological adaptations in *Pseudotsuga* ..... 203
*Eucalyptus* spp.
Mapping regions climatically suitable for particular species ..... 19
Seasonal variation in *Eucalyptus* to compartmentalize decay ..... 131

Fauna, influence of
Seed dispersal by squirrels and establishment of Korean pine ..... 115
Fire, influence of
Post-fire recovery of *Pinus* ..... 309
Freezing stress, *see* Environment, influence of
*Gliricidia* spp.
Genetic variation in germination and growth ..... 1
Herbicides, *see* Pests, weeds and diseases
Hornbeam, *see Carpinus* spp.
Irradiance, *see* Radiation, interception and efficiency of use
*Juglans* spp.
Establishment of ground cover and trees on reclaimed mined land ..... 81
Litter dynamics
Biomass and litter production of alder on peat ..... 161
Maple, *see Acer* spp.
Mapping
Mapping regions climatically suitable for particular species ..... 19
Modelling
Mapping regions climatically suitable for particular species ..... 19
Simulated predictions of forest dynamics ..... 47
Maximum-likelihood estimation of Weibull function parameters ..... 61
Mycorrhizae, *see* Propagation
Nitrogen, *see* Nutrient dynamics
Nutrient dynamics
Growth and nitrogen inflow in mycorrhizal and non-mycorrhizal *Pinus sylvestris* ..... 7
Biomass and litter production of alder on peat ..... 161
Oak, *see Quercus* spp.
Peat, *see* Soil conditions, influence of
Pests, weeds and diseases
Effects of clearing treatments on seed-bank dynamics of *Acacia* ..... 33
Seasonal variation in *Eucalyptus* to compartmentalize decay ..... 131
Control of the epiphytic weed *Tillandsia* with simazine ..... 153
Pine, *see Pinus* spp.
*Pinus* spp.
Growth and nitrogen inflow in mycorrhizal and non-mycorrhizal *Pinus sylvestris* ..... 7
Seed dispersal by squirrels and establishment of Korean pine ..... 115
Among-provenance variation in Israel ..... 141
Comparison of secondary and primary forests in Yunnan, China ..... 281
Post-fire recovery ..... 309
*Populus* spp.
Irradiance within canopies of young *Populus* and *Betula* in different spacings ..... 217
Productivity
Biomass and litter production of alder on peat ..... 161
Productivity of hemlock/hardwood as affected by species composition and canopy ..... 237
Propagation
Genetic variation in germination and growth of *Gliricidia* ..... 1
Growth and nitrogen inflow in mycorrhizal and non-mycorrhizal *Pinus sylvestris* ..... 7
Effects of clearing treatments on seed-bank dynamics of *Acacia* ..... 33
Seed dispersal by squirrels and establishment of Korean pine ..... 115
Among-provenance variation in *Pinus* ..... 141
Scarification and hydrogen peroxide improves germination of *Vangueria* ..... 301

Provenance variability
Genetic variation in germination and growth of *Gliricidia* ..... 1
Among-provenance variation in *Pinus* ..... 141
Provenance, age, and defoliation effects on *Cordia* ..... 191
*Pseudotsuga* spp.
Ecological adaptations: a synthesis ..... 203
*Quercus* spp.
Establishment of ground cover and trees on reclaimed mined land ..... 81
Effects of soil acidity and canopy cover on composition of vegetation in oak/hornbeam forests ..... 101
Productivity of hemlock/hardwood as affected by species composition and canopy ..... 237
Radiation, interception and efficiency of use
Irradiance within canopies of young *Populus* and *Betula* in different spacings ..... 217
Rain forest
*The Tropical Rain Forest: A First Encounter*, by M. Jacobs (book review) ..... 71
Reclamation, land
Establishment of ground cover and trees on reclaimed mined land ..... 81
Seasonal variation, *see* Environment, influence of
Seeds and seedlings, *see* Propagation
Simulation, *see* Modelling
Soil conditions, influence of
Effects of soil acidity and canopy cover on composition of vegetation in oak/hornbeam forests ..... 101
Biomass and litter production of alder on peat ..... 161
Spacing, influence of
Irradiance within canopies of young *Populus* and *Betula* in different spacings ..... 217
Species composition, *see* Structure and function, ecosystem
Stem rot, *see* Pests, weeds and diseases
Structure and function, ecosystem
Simulated predictions of forest dynamics ..... 47
Productivity of hemlock/hardwood as affected by species composition and canopy ..... 237
Floristic classification of the Walpole-Nornalup National Park, Australia ..... 259
Comparison of secondary and primary forests in Yunnan, China ..... 281
Tolerance, *see* Environment, influence of
*Tsuga* spp.
Productivity of hemlock/hardwood as affected by species composition and canopy ..... 237
Understorey dynamics
Establishment of ground cover and trees on reclaimed mined land ..... 81
Effects of soil acidity and canopy cover on composition of vegetation in oak/hornbeam forests ..... 101
Floristic classification of the Walpole-Nornalup National Park, Australia ..... 259
*Vangueria* spp.
Scarification and hydrogen peroxide improves germination ..... 301
Walnut, black, *see Juglans* spp.
